

# TOP MOBILE APPS FOR REALTORS

## DO YOU HAVE THEM?

We have compiled a list of the Top-10 apps the realtors use to become more organized, efficient, and informed.

### Pacific Coast Agent 2.0

Our handy net sheet calculator is your ultimate tool when you are crunching numbers with your customers. Calculate a buyers estimate and sellers net sheet and email it to them in seconds.

### Pacific Coast Instant Profile

Need property information on the go? Our handy app gives you access to property information, comparables and recorder documents.

### Realtor.com App

Updating every 15 minutes, just like the REALTOR.com website, REALTOR.com is the most accurate real estate search, with the most homes for sale and the best photos. Share listings via social media channels or via email.

### Open Home Pro

The #1 most downloaded app for real estate agents!" With new upgrades, such as unlimited, customized questions. Manage all walk-ins at weekly open houses or broker opens.

### PDF Expert

PDF Expert lets you read and annotate PDF documents, highlight text, make notes and save these changes being compatible with Preview and Adobe Acrobat. Moreover, PDF Expert is the only iPhone application that can fill PDF forms!

### Evernote

Evernote helps you remember everything across all of the devices you use. Stay organized, save your ideas and improve productivity. Evernote lets you take notes, capture photos, create to-do lists, record voice reminders, save articles from the Internet, and more.

### Dropbox

Dropbox is the best way to store your documents in the cloud – it's the best way to bring all your docs, videos, and photos with you, wherever you go.

### Loopnet

What Is It: LoopNet is about the closest thing to the MLS for commercial real estate, so the App is helpful for searching for the latest and greatest commercial properties listed for sale.

### DocuSign

DocuSign lets you sign documents electronically and easily send documents for electronic signature in just minutes.

### Videolicious

You choose the content, and Videolicious does the rest—combining your video clips, photos, and sound to make a powerful, professional-quality video...without the work.
